Subject: RE: status update on ANPs

I just finished reviewing Wisconsin's ANP version with Sheboygan Kohler Andrae monitor. No issues and plan appears approvable pending any comments/revisions during their comment period.

Subject: status update on ANPs

Katie – Below is a summary of the status of each plan. AMAS provided preliminary review and feedback on the IEPA, MDEQ, MPCA, and WDNR plans prior to their final submittal. Since IDEM and OEPA have only recently posted for comment, we are still reviewing both of those draft plans. Let me know if you have any questions.

IL – AMAS received final package on Tuesday, 6/26

IN – IDEM posted for public comment on 6/22; following same path as OH

MI – AMAS received final package today, 6/29

MN – AMAS received final package today, 6/29

OH – OEPA posted for 30-day public comment on 6/22; and they will provide update/addendum following closure of comment period

WI – AMAS received final package on 6/7, EPA disapproved on 6/21, WDNR revised plan and it is out for public comment through July 26th
